Objective

Security Analyst with 2+ years of experience in network monitoring, incident response, and enterprise network operations. Proven ability to detect, analyze, and resolve network incidents in real-time environments. Strong expertise in TCP/IP, VPNs, tunneling, and incident management systems, with a solid understanding of threat detection and security operations workflows. Adept at maintaining system integrity, minimizing downtime, and supporting secure infrastructure. Seeking to contribute to a high-performing cybersecurity team.

Experience

- Softenger India Pvt.Ltd** Oct 2025 - Present
Security Analyst - Network Monitoring and Incident Response
Monitored and analyzed network alerts and incidents, ensuring rapid detection of potential security threats. Executed incident response procedures, reducing service downtime and restoring operations efficiently. Performed root cause analysis (RCA) on tunnel failures and network disruptions. Managed incident lifecycle using Remedy ticketing system, ensuring accurate classification and resolution. Collaborated with cross-functional teams to mitigate risks and enhance system security posture. Maintained detailed incident documentation for audit, compliance, and reporting purposes.
- Indovision Service Pvt.Ltd** Jul 2023 - Oct 2025
Network Security Engineer
Managed enterprise network infrastructure supporting high-availability and secure operations. Executed traffic shifting, tunnel correction, and circuit decommissioning in live production environments. Analyzed network topology and service data to troubleshoot and resolve complex issues. Monitored real-time network performance using Putty dashboards, MS Teams, and Outlook alerts. Coordinated with field and deployment teams to resolve critical incidents within SLA timelines. Contributed to maintaining network stability, integrity, and operational security.

CORE COMPETENCIES

- Security Operations
 - Security Monitoring and Alert Analysis
 - Incident Response and Resolution
 - Threat Detection and Root Cause Analysis
 - Log Analysis and Incident Tracking
 - Risk Identification and Mitigation
- Tools and Technologies
 - Wireshark
 - Nmap
 - Remedy Ticketing Tool
 - Putty
- Networking and Systems
 - TCP/IP, VPN, MPLS, Tunneling
 - Network Troubleshooting and Traffic Analysis
 - Linux, Windows

Education

Course / Degree	School / University	Grade / Score	Year
MCA (Master of Computer Application)	Sri Venkateswara University	76.7%	2021
Bachelor of Science (Computer Applications)	Vignam Degree College	79.4%	2018
